When plumbing issues arise, you need more than a quick fix — you need a **company you can trust**. At **PW Plumbing**, we're proud to serve **Vancouver, Surrey, Coquitlam, Langley, Maple Ridge, Burnaby, New Westminister, and Kamloops** with professional plumbing services that combine **honesty, expertise, and dependable results**.

Whether it's a clogged drain, a burst pipe, or a hot water tank that's suddenly gone cold, our skilled plumbers respond with **experience, efficiency, and care**. From single-family homes to commercial properties, [PW Plumbing](#) is committed to keeping your water flowing smoothly — every time.

PW PLUMBING

Residential & Commercial
Plumbers Across the Lower
Mainland and Kamloops

Why Homeowners and Businesses Choose PW Plumbing

Plumbing problems can be stressful — but choosing the right plumber shouldn't be. PW Plumbing stands apart through a combination of **technical skill, genuine service, and transparent pricing**. Our [Plumbers](#) treat every call like it's our own home or business, ensuring that the work is done right the first time.

Experienced, Certified Plumbers

Our licensed plumbers bring years of hands-on experience in both [residential and commercial plumbing](#). We stay up to date with modern codes and energy-efficient systems so you receive solutions that are safe, durable, and cost-effective.

Honest Pricing and Clear Communication

No hidden fees. No upselling. No surprises. At PW Plumbing, we provide **clear estimates** before work begins and explain every step of the process in plain language. Our goal is to give you confidence and peace of mind, not confusion.

Fast, Reliable Service Across the Region

From downtown Vancouver condos to Langley warehouses and Kamloops homes, our fleet of fully equipped service vehicles ensures we're always nearby. When you call PW Plumbing, you get **prompt, professional service** — 24 hours a day for urgent plumbing needs.

Comprehensive Plumbing Services

We're proud to handle every aspect of plumbing, from small repairs to major installations. Whether it's **residential** or **commercial**, PW Plumbing has the experience and tools to get it done.

Residential Plumbing

Your home is your sanctuary — we keep it comfortable and leak-free.

- Fixture installation and repair (toilets, sinks, faucets, showers)
- Drain cleaning and unclogging
- Hot water tank installation and replacement
- Water pressure issues and pipe repairs
- Leak detection and re-piping services

We use modern tools like **drain cameras** and **hydro-jetting** to diagnose and fix issues

quickly, minimizing disruption to your home.

Commercial Plumbing

Businesses across [Surrey](#), [Burnaby](#), [Coquitlam](#), and [Kamloops](#) trust PW Plumbing to keep their operations running smoothly.

- Plumbing for restaurants, offices, and industrial buildings
- Backflow prevention testing and certification
- Grease trap maintenance
- Commercial hot water systems
- Emergency service for pipe bursts or leaks

We understand that downtime costs money, so we work efficiently and safely to restore your systems without interrupting your workflow.

Drain Cleaning & Drainage Solutions

Slow drains and recurring clogs can signal bigger issues underground. PW Plumbing specializes in **comprehensive [drain cleaning](#) and drainage repair** services to prevent flooding, water damage, and costly future repairs.

Our drain cleaning experts use **advanced camera inspections** to identify blockages, root intrusions, or broken pipes. With high-pressure hydro-jetting and precision tools, we can restore your system to full capacity — safely and effectively.

We service everything from **kitchen sinks to perimeter drains** for both homes and businesses. If your drains are gurgling, slow, or emitting foul odours, it's time to call PW Plumbing before the issue worsens.

Hot Water Tank Installation and Replacement

Nothing disrupts comfort like a cold shower. Our certified technicians provide **professional hot water tank installations, replacements, and repairs** across the Lower Mainland and Kamloops.

We work with trusted brands to ensure long-lasting performance and energy efficiency, offering both **traditional and tankless water heaters**. Whether your old tank is leaking or

you're ready to upgrade to an on-demand system, we'll guide you through the best options for your home or building.

Our team also provides **regular maintenance**, helping extend the life of your water heater and ensuring you always have reliable hot water when you need it.

Drainage and Flood Prevention

Heavy rain is a reality in British Columbia — and that means drainage matters. PW Plumbing offers **expert drainage system installation, repair, and maintenance** to protect your home or property from flooding.

We design and service:

- Perimeter drain systems
- Sump pumps and catch basins
- Foundation waterproofing solutions
- Surface and storm drainage maintenance

If your yard, basement, or parking area floods after a downpour, our drainage experts can identify the source and create a lasting fix.
